UNITED STATES DISTRICT COURT
DISTRICT OF NEVADA

UNITED STATES OF AMERICA,

Plaintiff,

vs.

TIMOTHY THURTTLE,

Defendant.

CASE NO.: 2:24-cr-00229-APG-NJK
MEMORANDUM RE: REVOCATION
OF PRETRIAL RELEASE

Defendant Timothy Thurtle, by and through his counsel of record, Erick M. Ferran, Esq., from the law office of HITZKE & FERRAN LLP., and files this instant Memorandum Re: Revocation of Pretrial Release.

This Memorandum is made and based upon all the papers and pleadings on file herein, the attached Declaration of Counsel, the Memorandum of Points and Authorities, and any additional oral argument taken at the time set hearing this Motion.

DATED this 1ST day of May 2025.

HITZKE & FERRAN LLP.

/s/ Erick M. Ferran, Esq.
ERICK M. FERRAN, ESQ.
Nevada State Bar No. 9554

Attorneys for Defendant

MEMORANDUM OF POINTS AND AUTHORITIES**A. Procedural History**

On or about October 8, 2024, a Grand Jury was convened and ultimately returned a True Bill on an Indictment against Defendant, Timothy Thurtle, charging him with one count of Possession of a Firearm by a Prohibited Person, a violation of 18 U.S.C. §§ 922(g)(1) and 924(a)(8). ECF No. 1. The Indictment alleges that on or about April 10, 2024, Mr. Thurtle, while in the District of Nevada and knowing that he had been previously convicted of crimes punishable by imprisonment for a term exceeding one year, to wit: Theft, on or about March 22, 2004, in Clark County, Nevada under case number C178292; and Assault with a Deadly Weapon, on or about June 5, 2007, in Clark County, Nevada under case number C230919; did knowingly possess a firearm, to wit: Springfield Armory Hellcat, 9mm pistol bearing serial number: BY257031, said possession being in and affecting interstate commerce and said firearm having been shipped and transported in interstate commerce, all in violation of Title 18, U.S.C. §§ 922(g)(1) and 924(a)(8).

Mr. Thurtle was arrested on or about November 8, 2024, and was arraigned on November 12, 2024, before your Honor. ECF No. 5. Following oral arguments made by the United States as well as the undersigned, and after consideration of recommendations from the United States Pretrial Services Office, Mr. Thurtle was released on an Appearance Bond with the following special conditions: 1) Submit to supervision by and report for supervision to the U.S. Pretrial Services Office; 2) Continued to actively seek employment; 3) Not possess a firearm, destructive device, or other weapon; 4) Have no contact, directly or indirectly, with known or suspected outlaw motorcycle gang members. ECF No. 6.

Ultimately, on November 25, 2024, the undersigned, on behalf of Mr. Thurtle filed an Unopposed Motion to Modify Conditions of Pretrial Release. The basis for the Motion was to allow Mr. Thurtle to continue operating and conducting business with his company, TCB Productions LLC., which employs a number of individuals that would likely be identified by the United States Government as members and/or associates of the Pagans Motorcycle Club, as well as others. ECF No. 13. This Court granted the unopposed Motion, and the Order Modifying Pretrial Release Conditions was signed by this Court on November 26, 2024. ECF No. 14.

1 While on pretrial supervision, between November 26, 2024, and the date of his arrest in
2 the State of California, March 8, 2025, Mr. Thurtle incurred absolutely no violations. While the
3 undersigned will not dispute the gravity of the charges filed against Mr. Thurtle in San Diego
4 County, California, he immediately retained counsel, who advised the undersigned of his arrest
5 and detention in California. The undersigned, as more thoroughly outlined below, took immediate
6 steps to notify Ms. Barlow with Pretrial Services. Furthermore, the California Superior Court
7 granted Mr. Thurtle a bond in the amount of \$500,000.00, which has been posted. In addition to
8 the monetary bail setting, Mr. Thurtle has also been admonished by the San Diego Court to refrain
9 from contacting/interacting with his co-defendants, to stay away from known outlaw motorcycle
10 gang members, to stay away from the victim, and to remain out of trouble.

11 Mr. Thurtle now comes before the Court in response to Pretrial Services' Motion for an
12 Order to Show Cause why Defendant's Pretrial Supervision Should Not Be Revoked. Ultimately,
13 Mr. Thurtle is 64 years old and suffers from a variety of major health complications that have
14 already been and will only continue to exacerbate should he continue to be remanded in pretrial
15 custody. Mr. Thurtle, for the last decade, has been under medical care for pulmonary arterial
16 hypertension associated with granulomatous vasculopathy. As a result from his medical diagnosis,
17 his physician has prescribed Tyvaso Dpi 64MCG, which on average costs \$24,749.29 – this
18 prescription can only be obtained through a specialty pharmacy. In addition to his pulmonary
19 arterial hypertension, Mr. Thurtle has been under continuous medical care and supervision for
20 severe gastroesophageal reflux disease, bronchitis, chronic hepatitis C, depressive disorder,
21 obstructive sleep apnea, and erythrocytosis.

22 **I. ARGUMENT**

23 As aforementioned, the undersigned will not dispute the gravity and seriousness of the
24 charges filed against Mr. Thurtle in San Diego County, California. However, in speaking with
25 Mr. Thurtle's counsel in California, the undersigned wishes to clarify that while a firearm,
26 ammunition, and magazines were located at the time of Mr. Thurtle's arrest in California, they
27 were not found on or near his person. Mr. Thurtle was a passenger in the vehicle in which the
28 firearm, ammunition, and magazines were located, and moreover, was cooperative with law

1 enforcement at the time of his arrest. The California state case is in its infancy, and in speaking
2 with Mr. Thurtle's California counsel, discovery remains ongoing. While a magistrate in California
3 did find probable cause for the charges, Mr. Thurtle has not been convicted of committing any
4 crime and is presumed innocent until proven guilty. The preliminary hearing in that matter is
5 currently scheduled for June 5, 2025. The information received to-date by the undersigned would
6 seem to indicate that Mr. Thurtle's involvement in any activities was as a minimal participant, if
7 at all.

8 Given that prior to his California arrest, Mr. Thurtle was compliant with pretrial services,
9 and despite the rebuttable presumption under 18 USC § 3142(e)(2), the undersigned believes that
10 there are alternative methods which the Court may consider to ensure the continued safety of the
11 public, while also ensuring Mr. Thurtle is remains compliant with the terms of his pretrial
12 supervision, and continues to appear at all future proceedings. These alternative methods include
13 having Mr. Thurtle post an unsecured or third-party bond and/or residence detention. Any of these
14 alternative release conditions will ensure that 1) Mr. Thurtle remains compliant while out of
15 custody, 2) ensures the safety of the public, and 3) ensures that Mr. Thurtle continues to make each
16 and every court appearance as it pertains to this instant matter.

17 Furthermore, by reinstating Mr. Thurtle's pretrial release and imposing additional
18 conditions versus remanding Mr. Thurtle, he will be allowed to continue to receive the same
19 standard of medical care that he was receiving prior to his arrest in California. Following his arrest
20 in California, Mr. Thurtle has experienced a number of setbacks to his health given that he has
21 been in the custody for, as of the date of this filing, 54 days. As far as the undersigned can visually
22 observe, it appears that Mr. Thurtle has decreased in weight by at least twenty-five (25) pounds.

23 Furthermore, this Honorable Court should note that should it choose to impose additional
24 pretrial release conditions on Mr. Thurtle, he (through his immediate family) has already posted a
25 significant monetary bond in California, which has caused substantial financial strain on him and
26 his immediate family. Given that such a substantial bond has been posted, Mr. Thurtle has
27 absolutely no reason to violate his conditions of release, either in this case or the case pending
28 before the California Superior Court. Any such violation would impose a significant financial

1 hardship on him and his immediate family. Mr. Thurtle recognizes his shortcomings with respect
2 to this pretrial release violation and has come to the realization that he must comply with each, and
3 every condition imposed on him if released from custody. He is the manager of a small business,
4 and, without him, that small business struggles with respect to contacts, communication, leads,
5 and, foremost, number of events. Mr. Thurtle is the engine that runs the company.

6 As previously highlighted, the undersigned, upon receiving notice of Mr. Thurtle's arrest
7 in California, was proactive in immediately contacting Ms. Barlow with Pretrial Services to apprise
8 her of the situation. Initial contact with Ms. Barlow occurred on March 11, 2025, via a telephone
9 call with Mr. Black from my office at approximately 6:24 p.m. Mr. Black advised Ms. Barlow of
10 Mr. Thurtle's arrest, at which time she thanked him for the information and ended the call.
11 Following Mr. Thurtle's arraignment in California, the Court advised Mr. Thurtle's counsel there,
12 that a federal hold had been placed, but that no further information was available with respect to
13 addressing the federal hold. Ultimately, the undersigned wanted nothing more than to ensure that
14 Mr. Thurtle was returned to the immediate jurisdiction so that he could immediately address any
15 potential pretrial violations and continue to address the original Indictment.

16 Between March 18, 2025, and April 10, 2025, the undersigned had several phone
17 conversations and sent no less than six separate emails to Ms. Ibanez and Ms. Barlow, inquiring
18 about addressing the federal hold. Between March 18, 2025, and March 24, 2025, Ms. Ibanez
19 claimed to know absolutely nothing about the federal hold. On March 25, 2025, Ms. Ibanez
20 responded via email and advised that she had contacted the United States Marshals Service, and
21 the only information that they provided her was that the federal hold pertained to a pretrial release
22 warrant. Ms. Ibanez further represented to the undersigned that she had not filed anything into the
23 case since the Indictment. While the undersigned can appreciate the responsibility of Pretrial
24 Services and further appreciates the procedures for which Pretrial Services and this Court are
25 bound, this Court can imagine the astonishment when the undersigned received the Petition for
26 Action on Conditions of Pretrial Release (hereinafter the "Petition") which was filed under seal on
27 March 11, 2025. ECF No. 19. Mr. Thurtle has made no attempt to evade the jurisdiction or
28

1 authority of this Court. Instead, he has made every effort to try to resolve this issue as promptly
2 as possible.

3 II. LEGAL STANDARD

4 While Mr. Thurtle acknowledges his violating the terms of his pretrial release, it is
5 important to consider the broader context and their overall conduct. The core principles of
6 18 U.S. Code § 3142 are designed not to punish pretrial behavior, but to reasonably assure court
7 appearance and public safety.

8 18 U.S. Code § 3142(g)(3)(A) states in pertinent part:

9 (A) the person's character, physical and mental condition, family ties, employment,
10 financial resources, length of residence in the community, community ties, past
11 conduct, history relating to drug or alcohol abuse, criminal history, and record
concerning appearance at court proceedings;

12 When considering alternative methods of supervision and/or sanctions that this Court can
13 impose upon Mr. Thurtle, this Honorable Court should consider the following:

14 **Strong Community Ties:** Mr. Thurtle has longstanding ties in the immediate jurisdiction,
15 including family, employment, and housing—factors that support continued release under
revised conditions.

16 **Remorse and Willingness to Comply:** Mr. Thurtle has demonstrated genuine remorse and
17 is prepared to remain in custody but respectfully requests that this Honorable Court
18 consider imposing additional, pretrial release conditions (e.g., electronic monitoring,
increased supervision).

19 **Detention is Unnecessary and Harmful:** Pretrial detention would disrupt rehabilitation
20 efforts, jeopardize the small business for which he is a partner, family responsibilities, and
21 most importantly, would have severe, negative health complications. **See Exhibit A.**

22 **Custody Time Incurred:** Since the date of his arrest in California, Mr. Thurtle has
23 incurred 54 days in custody. This time includes time in custody pending his bond being
posted in California, as well as the time in custody awaiting hearing on this instant matter.

24 **Length of Residence in the Community:** Mr. Thurtle has been a lifelong resident of the
25 District of Nevada and has no ties to any other jurisdiction with all of his immediate family
residing here.

26 **Drug and Alcohol Abuse:** Mr. Thurtle does not currently use drugs and/or alcohol, has
27 remained sober for 20 years, and is proud of his sobriety.

1 Pursuant to statute, detention should be the last resort when no condition or combination
2 of conditions will suffice. In this instant case, the violation—while serious—can be adequately
3 addressed with stricter release terms rather than incarceration. The undersigned respectfully
4 requests the court to consider reinstating release under modified conditions that would allow
5 Mr. Thurtle’s small business to continue to flourish and succeed and which would not result in the
6 deprivation of his appropriate medical treatment.

7 **CONCLUSION**

8 For the aforementioned reasons, the undersigned on behalf of Mr. Thurtle, respectfully
9 requests that this Honorable Court grant the relief sought herein.

10 DATED this 1ST day of May 2025.

11 **HITZKE & FERRAN LLP.**

Tapiz, John

Prognosis: 7/31/2020 did not get labs done pt will get it done as of 14-Feb-2025

Gastroesophageal reflux disease (K21.9) (530.81)

Tapiz, John

Prognosis: not able to tolerate PPI and zantac but taking too many tums ? caused weight gain

doing better with carafate once daily is sufficient

4/15/2015 due to severe diarrhea will switch to H2 blocker for now

ok to take immodium

4/5/19 Exacerbated with medication secondary to Adempas and Orenitram.

However is taking H2 antagonist.

4/24/2020 stable on tx as ordered will continue to monitor

9/3/2020 PPI BID for now to see if helps

10/15/2020 continue PPI BID for now as of 14-Feb-2025

Comments: has severe GERD now at night and is waking pt up with chest pain

hasbeen on Tums

suggested adding zantac OTC 2 tabs nightly

GERD may be aggravated by adcirca

HEPATITIS VIRAL C W/O HEPATIC COMA Tapiz, John
NOS (070.70)

Hypoxemia (R09.02) (799.02) Tapiz, John
Prognosis: 12/4/2015 on O2 nightly but has a
lot of dry nose. will add nasal saline sprays
8/22/2017 on O2 nightly
10/26/2017 continue O2 nightly
1/31/19 is on O2 at night
4/5/19 is on O2 nightly as of 14-Feb-2025

Mild intermittent asthma without complication Tapiz, John
(J45.20) (493.90)
Prognosis: 2/9/2018 controlled
1/31/19 has more dyspnea will add trial of
LAMA
12/10/19 stable controlled
6/4/2020 minimal symptoms
10/15/2020 stable on tx as ordered will
continue to monitor
12/4/2020 stable on tx as ordered will
continue to monitor as of 14-Feb-2025

Obstructive sleep apnea (G47.33) (327.23) Tapiz, John *Comments:* not able to tolerate CPAP
Prognosis: Reiterated to pt needs to start on
O2 nightly as hypoxemia can potentiate
PH.....
will see if can get a new O2 concentrator for
pt to use
1/20/2016 feels worse. will increase O2 to
5lpm again and use SABA before sleep
10/26/2017 on O2 nightly
2/9/2018 non L2 nightly as of 14-Feb-2025

Post-COVID-19 condition (U09.9) (139.8) Tapiz, John
Prognosis: 9/15/2021 Status post Covid while
was in Ohio. Was hospitalized with high flow
nasal cannula was on steroid clinically doing
better now on room air. Back to Las Vegas.
Will need updated PFT shows follow-up CT
eventually. as of 14-Feb-2025

Pulmonary hypertension, primary (I27.0) Tapiz, John *Comments:* WHO Group I, NYHA functional
(416.0) class III symptoms. Clinically seems worse
Prognosis: 10/26/2017 on opsumit, add cirrca,
2 green and 1 yellow or nitram.
tired...working a lot. does not like the way
nitram makes him feel. he adamantly
does not want to take BID dosing. d/w pt
regarding possible Uptravi. also has priapism
will need to strongly consider DC PDE5i. will
need to consider riociguat as well
12/21/2017 needs echo. will consider switch
PDE5i to riociguat. will reassess
2/9/2018 per Echo RVSP 40-45 Grade I
diastolic. overall ok. will continue as is consider
riociguat if needed
Comments: WHO Group I, NYHA functional
class III symptoms. Clinically seems worse
based on ADLs and RHC 3/10. But patient is
reluctant to try additional treatment. He is
reluctant for Flolan. Does not want ERAs due
to need for blood draws. Could not tolerate
Ventavis.
8/14/14 not tolerating Letairis due to severe
nasal congestion even though he did feel
better
NYHA Func Class III
subjectively much worse now with chest
tightness and restrictive feeling.
10/30/2014 HD worse. NYFA Functional
Class III. symptoms are worse

8/15/2018 Overall remained relatively stable. Last echocardiogram January RVSP only at 40. Continue to monitor. No changes with medication for now. Patient is able to do ADLs without difficulties.

12/12/2018 tadalafil does NOT work for pt must be on Branded Adcirca. However, patient symptom seems to be slightly worsening. Not as well-controlled as targeted goal. PDE 5 inhibitors may not be as effective we will switch patient to riociguot. Indication as well as treatment discussed with patient. Potential adverse effect also discussed the patient. Reassess in 4 weeks. Will eventually need echocardiogram.

1/31/19 tolerating adempas at BID dosing. will continue to titrate every 2 wks as tolerates
4/5/19 Is tolerating treatment the subjective feels somewhat better although still remains tired. Will continue to wear with alternative titration dosage for the patient continue follow-up echocardiogram reassessing 6 to 8 weeks.

12/10/2019 on higher dose of remodulin and adempas continue tx as is

4/24/2020 take 2 in am and 1 oin afternoon will need echo ? need more meds

6/4/2020 needs to work on titration

7/31/2020 will reduce Adempas to daily again as no effect and has more cough and ? bloating

9/3/2020 orenitram 1 mg and 4 0.25 daily for now

will add 0.25 in the afternoon or increase to 0.25x2 in the afternoon

12/4/2020 will continue titration now at 2.5 mg daily

will add 0.25 mg (green) as tolerates up to 3mg total per day. as of 14-Feb-2025

accredo[®]
Specialty Pharmacy

866.344.4874

24/7 access to pharmacists who are ready to help you with your medications.

Your Accredo team can:

- Schedule a refill shipment
- Provide clinical support
- Answer billing or insurance questions.

Whatever your question or concern, your call is important to us. We appreciate the opportunity to be your pharmacy partner throughout your therapy.

Download the **Accredo mobile app** or visit [accredo.com](https://www.accredo.com) to order refills, check order status and manage your specialty medications.

About Your Order

We value you as a customer and want to provide you excellent customer service. You can help us by verifying the accuracy of your shipments upon receipt. Please call your pharmacy team at the toll free number on your prescription vial to report any concerns regarding the timeliness, integrity, or any discrepancies concerning your shipment.

Patient Counseling

Make sure to read the enclosed information about your prescriptions before you take your medicine. If you have questions, you may contact one of our registered pharmacists, 24 hours a day, 7 days a week, at 866.344.4874 or the toll free number on your label.

Call your doctor for medical advice about side effects. You may report side effects to the Food and Drug Administration (FDA) at 800.FDA.1088.

No olvide leer la información incluida acerca de sus medicinas recetadas antes de tomarlas. Si tiene alguna pregunta, puede ponerse en contacto con uno de nuestros farmacéuticos licenciados, las 24 horas del día, los 7 días de la semana, al **866.344.4874**. Llame a su médico para orientación médica acerca de los efectos secundarios. Usted puede informar los efectos secundarios a la Administración Federal de Alimentos y Drogas al 800.FDA.1088.

What You May Need To Know

Accredo Health Group offers the care and convenience you deserve. You can always fill your specialty medication and check the status of your order through our interactive voice response (IVR) system. Please reference your welcome materials for dialing information or please call the toll free number on your prescription label. Please note that there are certain specialty medications that cannot be ordered through IVR. (IVR access is available at the discretion of your health plan.)

Accredo Health Group will be closed the following holidays:

New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, and Christmas Day. If the holiday falls on Saturday Accredo will be closed the Friday before the holiday. If the holiday falls on a Sunday, Accredo will be closed the Monday after the holiday. Accredo reserves the right to change the date closed and will notify patients of any such change.

A licensed pharmacist is available 24 hours a day, 7 days a week plus holidays for urgent issues relating to your medication. Please call 866.344.4874 or the toll-free number located on your prescription label.

Important Information

- **To update your allergies, vaccination records, medication history or health conditions, please call the toll free customer service number on your prescription label.** This helps protect you against potentially harmful drug interactions and allergies.
- **Medication return policy:** State law prohibits the return of prescription medications for resale or reuse. Accredo cannot accept the return of properly-dispensed prescription medications for credit or refund.
- **Proper disposal of medications and needles/syringes (sharps) can aid in the prevention of drug diversion and abuse, accidental ingestions, or consumption of old or expired medication by yourself or members of the household. For instructions, please refer to:**
 - <https://www.fda.gov/consumers/consumer-updates/where-and-how-dispose-unused-medicines>
 - <https://safe.pharmacy/drug-disposal/>
 - <https://safeneedledisposal.org/>
- **Controlled substance monitoring:** This pharmacy reports prescriptions for controlled and required non-controlled substances to prescription monitoring programs as required by law for states that have such a program. This information may be requested by specific individuals from state Prescription Drug Monitoring Programs for a limited number of purposes as authorized by state law.
- **Medication shipping guidelines:** Under certain circumstances, a medication's effectiveness may be affected by extremes of heat, cold, or humidity. Accredo follows FDA and manufacturer recommendations for the shipment of prescription medications so that the drug products delivered to you are protected. To ensure the effectiveness of your medication, Accredo uses special packaging and expedited shipping. You may also notice a change in the number of ice packs used or if they're frozen or un-frozen - these factors may be changed based on the time of year.
- **Comprehensive Clinical Care:** Accredo offers personalized patient care, education on your condition and 24-hour access to pharmacists who are specially trained in complex diseases. This means that we're available whenever you need us to discuss your medication, symptoms, side effects and anything that may affect your health. For patients receiving certain medications, Accredo recommends taking advantage of our disease-specific Specialty Clinical Care Management services, including regular contact with one of our nurses. All of this is provided at no additional cost. For more details, call the toll-free number on your prescription label to speak with a patient care advocate.
- **Insurance Changes:** To prevent your medication therapy from being interrupted, please let us know immediately about any change in your insurance. This will ensure a smooth transition and prevent shipping delays for your medications.
- **Social and Financial Support:** At Accredo, we know that living with illness can be difficult. That's why we're here to help. Our goal is to support you and your doctor so you receive the best possible care throughout your treatment. As advocates for your health, we are here to answer any questions you may have - even the stressful ones. Accredo team members are available to provide emotional support and to talk with you about any issue. They can also help identify community assistance programs in your area and programs that offer financial help.
- **Funding by Pharmaceutical Manufacturers:** As one of the nation's premier specialty pharmacies, Accredo provides many specialty pharmacy services to improve patient care. Some of these services, as well as other information and material, may be funded by pharmaceutical manufacturers; Accredo may receive financial compensation for these services.
- **Generic Substitution:** Accredo will substitute a lower-cost generic medication for a brand-name drug unless you or your doctor asked for a specific brand-name drug.
- **At Accredo Specialty Pharmacy,** our patients often have questions or want to share their experience about Accredo services or staff. In addition to the phone number on your prescription, you can email Accredo at AccredoRxHelp@accredo.com. This is just another way for Accredo to provide personalized support!

Accredo is your provider of specialty pharmacy services.
